## Statement of Management's Responsibilities

Management is responsible for the following:

- Preparing and fairly presenting the accompanying financial statements of CinemaONE Limited (the Company) which comprise the statement of financial position as at 30 September 2020 and the statements of profit or loss and other comprehensive income, changes in equity and cash flows for the year then ended, and a summary of significant accounting policies and other explanatory information;
- Ensuring that the Company keeps proper accounting records;
- Selecting appropriate accounting policies and applying them in a consistent manner;
- Implementing, monitoring and evaluating the system of internal control that assures security of the Company's assets, detection/prevention of fraud, and the achievement of Company operational efficiencies;
- Ensuring that the system of internal control operated effectively during the reporting period;
- Producing reliable financial reporting that comply with laws and regulations, including the Companies Act; and
- Using reasonable and prudent judgement in the determination of estimates.

In preparing these audited financial statements, management utilised the International Financial Reporting Standards, as issued by the International Accounting Standards Board and adopted by the Institute of Chartered Accountants of Trinidad and Tobago. Where International Financial Reporting Standards presented alternative accounting treatments, management chose those considered most appropriate in the circumstances.

Nothing has come to the attention of management to indicate that the Company will not remain a going concern for the next twelve months from the reporting date; or up to the date the accompanying financial statements have been authorised for issue, if later.

Management affirms that it has carried out its responsibilities as outlined above.

## Independent auditor's report

To the Shareholders of CinemaONE Limited

### Report on the audit of the financial statements

---

#### Our opinion

In our opinion, the financial statements present fairly, in all material respects, the financial position of CinemaONE Limited (the Company) as at 30 September 2020, and its financial performance and its cash flows for the year then ended in accordance with International Financial Reporting Standards.

#### ***What we have audited***

The Company's financial statements comprise:

- the statement of financial position as at 30 September 2020;
- the statement of profit or loss and other comprehensive income for the year then ended;
- the statement of changes in equity for the year then ended;
- the statement of cash flows for the year then ended; and
- the notes to the financial statements, which include significant accounting policies and other explanatory information.

---

#### Basis for opinion

We conducted our audit in accordance with International Standards on Auditing (ISAs). Our responsibilities under those standards are further described in the *Auditor's responsibilities for the audit of the financial statements* section of our report.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

#### ***Independence***

We are independent of the Company in accordance with the International Code of Ethics for Professional Accountants (including International Independence Standards) issued by the International Ethics Standards Board for Accountants (IESBA Code). We have fulfilled our other ethical responsibilities in accordance with the IESBA Code.

## Independent auditor's report (Continued)

### Our audit approach

#### Overview

Overall materiality: \$170,000\*, which represents 1% of average revenue for each of the last three years.

- In addition to determining materiality, we also assessed, amongst other factors, the following in designing our audit:
  - the risk of material misstatement in the financial statements
  - significant accounting estimates
  - the risk of management override of internal controls

Basis of preparation – impact of COVID-19

\* All dollar values stated in this opinion are in Trinidad and Tobago dollars.

#### Audit scope

As part of designing our audit, we determined materiality and assessed the risks of material misstatement in the financial statements. In particular, we considered where management made subjective judgements; for example, in respect of significant accounting estimates that involved making assumptions and considering future events that are inherently uncertain. As in all of our audits, we also addressed the risk of management override of internal controls, including, among other matters, consideration of whether there was evidence of bias that represented a risk of material misstatement due to fraud.

We tailored the scope of our audit in order to perform sufficient work to enable us to provide an opinion on the financial statements as a whole, taking into account the structure of the Company, the accounting processes and controls, and the industry in which the Company operates.

#### Materiality

The scope of our audit was influenced by our application of materiality. An audit is designed to obtain reasonable assurance whether the financial statements are free from material misstatement. Misstatements may arise due to fraud or error. They are considered material if, individually or in aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of the financial statements.

Based on our professional judgement, we determined certain quantitative thresholds for materiality, including the overall materiality for the financial statements as a whole as set out in the table below. These, together with qualitative considerations, helped us to determine the scope of our audit and the nature, timing and extent of our audit procedures and to evaluate the effect of misstatements, both individually and in aggregate, on the financial statements as a whole.

## Independent auditor's report (Continued)

<b>Overall materiality</b>	\$170,000
<b>How we determined it</b>	1% of average revenue for each of the last three years
<b>Rationale for the materiality benchmark applied</b>	<i>We chose revenue as the benchmark because, in our view, it is generally the most stable benchmark against which the performance of the Company is measured by users, and is a generally accepted benchmark. We chose 1% which is within a range of acceptable benchmark thresholds and used average revenue for each of the last three years due to the exceptional impact of the COVID-19 virus on revenue in the current year.</i>

We agreed with the Audit Committee that we would report to them misstatements identified during our audit above \$8,500, as well as misstatements below that amount that, in our view, warranted reporting for qualitative reasons.

### Key audit matters

Key audit matters are those matters that, in our professional judgement, were of most significance in our audit of the financial statements of the current period. These matters were addressed in the context of our audit of the financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

Key audit matter	How our audit addressed the key audit matter
<p><i>Basis of preparation – impact of COVID-19</i></p> <p><i>Refer to notes 11 and 24 to the financial statements for disclosures of related accounting policies and balances.</i></p> <p>The Company prepares its financial statements using International Financial Reporting Standards. The financial statements are prepared on a going concern basis. We focused on the appropriateness of using the going concern basis of accounting given the adverse impact of the COVID-19 virus on the industry and the negative affect on the Company's operating results and cash flows.</p> <p>The Company was impacted by COVID-19 for a significant portion of the year under audit and continuing through to the date of approval of these financial statements. This included government mandated closure of the Cinema from 17 March 2020 to 2 July 2020 and again from 17 August 2020 to 8 November 2020.</p>	<p>Our approach to addressing the matter involved the following procedures, amongst others:</p> <ul style="list-style-type: none"> <li>• Obtained management's going concern cash flow projections and assessment of its compliance with existing loan agreements.</li> <li>• Compared the key assumptions to externally derived data where available including market expectations of the outlook for the global box office.</li> <li>• Assessed management's historic ability to accurately budget and meet budget expectations by comparing past results with historical budgeted projections.</li> <li>• Reperformed management's sensitivity analysis to assess the impact of changes in management's revenue growth rates on the future cash flow projections.</li> </ul>

## *Independent auditor's report (Continued)*

The Company is subject to several debt covenants pertaining to non-current borrowings. As such, management's going concern assessment included an evaluation of the impact of the pandemic on their projected cash flows for the year ending 30 September 2021 to assess whether the Company will be able to continue to meet its liabilities as they fall due and its debt covenant requirements.

The cash flow projections are dependent on significant management judgement, particularly in respect of forecasted revenue levels and growth rates, and can be influenced by management bias as well as factors outside the Company's control, such as government-imposed restrictions.

- Tested the mathematical accuracy, including verifying spreadsheet formulae, of the cash flow model.
- Obtained written confirmation from the relevant financial institution that the Company has received a waiver of its existing covenants as at the reporting date and to 30 September 2021.
- Considered subsequent events and any associated impact on the Company's cash flows and forecast.
- Evaluated whether disclosures appropriately reflected the financial impact of COVID-19 on the Company.

Based on the procedures above we satisfied ourselves that management's use of the going concern basis of accounting was not unreasonable.

---

### **Other information**

Management is responsible for the other information. The other information comprises CinemaONE Limited's Annual Report (but does not include the financial statements and our auditor's report thereon), which is expected to be made available to us after the date of this auditor's report.

Our opinion on the financial statements does not cover the other information and we will not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information identified above when it becomes available and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit, or otherwise appears to be materially misstated.

When we read CinemaONE Limited's Annual Report, if we conclude that there is a material misstatement therein, we are required to communicate the matter to those charged with governance.

## *Independent auditor's report (Continued)*

---

### **Responsibilities of management and those charged with governance for the financial statements**

Management is responsible for the preparation and fair presentation of the financial statements in accordance with International Financial Reporting Standards and for such internal control as management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

Those charged with governance are responsible for overseeing the Company's financial reporting process.

---

### **Auditor's responsibilities for the audit of the financial statements**

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with ISAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with ISAs, we exercise professional judgment and maintain professional scepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.

## *Independent auditor's report (Continued)*

- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, actions taken to eliminate threats or safeguards applied.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

The engagement partner on the audit resulting in this independent auditor's report is Kerry-Ann Chevalier.

# CinemaONE Limited

## Notes to the Financial Statements 30 September 2020

*(Expressed in Trinidad and Tobago dollars)*

---

### 1 General information

CinemaONE Limited (“CinemaONE” or “the Company”), formerly Giant Screen Entertainment Limited, was incorporated in the Republic of Trinidad and Tobago on 11 December 2009. The registered office of the Company is situated at One Woodbrook Place, 189 Tragarete Road, Port of Spain. CinemaONE is a subsidiary of Giant Screen Entertainment Holdings Limited (“GSEHL”), the Parent Company. GSEHL is registered in Trinidad and Tobago.

CinemaONE offers differentiated and innovative digital cinema entertainment in multiple, premium movie formats. In August 2011, CinemaONE launched the first large format IMAX movie theatre in the Caribbean featuring IMAX’s patented, immersive 3D technology on the region’s largest, giant screen. CinemaONE is the exclusive Trinidad licensee of the patented IMAX Technology of the IMAX Corporation that affords advanced high-resolution imagery, dual projection systems, patented theatre geometry, laser aligned surround sound and the world’s largest movie screens.

In 2016, CinemaONE continued its innovation in movie entertainment with the launch of its luxury, designer theatre format branded Gemstone. CinemaONE’s Gemstone theatre offers in-theatre dining inclusive of cocktail, wine and beer service combined with convenient push button seat side service. CinemaONE’s Gemstone facilities are equipped with digital projector systems, surround sound and fully reclining seats.

In September 2018, CinemaONE constructed the first 4D theatre in Port of Spain. The 4DX theatre introduces environmental effects such as fog, lightning, motion, rain and scents to the movie going experience. The introduction of the 4DX theatre auditorium effectively marked the Company’s emergence as a 6-screen multiplex at its flagship location at One Woodbrook Place, Port of Spain.

As the lead naming Sponsor, Digicel (Trinidad and Tobago) Limited has partnered with CinemaONE since the Company’s inception so that the IMAX Trinidad theatre is known as the DIGICEL IMAX theatre. The other exclusive educational sponsor is Atlantic LNG Company of Trinidad and Tobago.

In the first quarter of fiscal 2019, CinemaONE sold 1,444,168 newly issued ordinary shares at \$10 per share in an Initial Public Offering (IPO) to emerge on 21 November 2018 as the first Company listed on the Small and Medium Enterprise Exchange of the Trinidad and Tobago Stock Market. CinemaONE’s ordinary shares have since that date been publicly traded on the Trinidad and Tobago Stock Market under the symbol “CINE1”.

In the first quarter of fiscal 2020, CinemaONE consummated a 15 Year \$40M loan facility with Guardian Group Trust Limited (GGTL) (Note 11). This debt financing strengthened the Company’s capacity to endure what became an unprecedented and extended COVID-19 global public health crisis commencing in March 2020 (Note 24) and adversely affecting CinemaONE’s financial performance in fiscal 2020, given the government’s mandated closure of the Company’s theatre operations. GGTL’s collaborative, long term approach to key covenant waivers and loan deferments has aided the Company’s liquidity and positioned CinemaONE for a sustained and progressive return to normalcy.

# CinemaONE Limited

## Notes to the Financial Statements (continued)

30 September 2020

*(Expressed in Trinidad and Tobago dollars)*

---

### 2 Summary of significant accounting policies

The principal accounting policies applied in the preparation of these financial statements are set out below. These policies have been consistently applied to all the years presented, except for the adoption of new and amended standards as set out in Note 2 (x). The new accounting policies applied from 1 October 2019 are stated in the relevant notes.

#### (a) *Basis of accounting*

These financial statements have been prepared in accordance with the International Financial Reporting Standards (IFRS) and interpretations issued by the IFRS Interpretations Committee (IFRS IC) applicable to companies reporting under IFRS. The financial statements comply with IFRS as issued by the International Accounting Standards Board (IASB).

See Note 24 Impact of COVID-19 for a detailed explanation on the effects of the global pandemic over the Company.

#### (b) *Basis of measurement*

These financial statements have been prepared on the historical cost basis.

#### (c) *Functional and presentation currency*

Items included in the financial statements are measured using the currency of the primary economic environment in which the entity operates ('the functional currency'). The financial statements are presented in Trinidad and Tobago dollars which is the Company's functional and presentation currency.

Transactions in foreign currencies are translated to the functional currency of the Company at exchange rates at the dates of the transactions. Monetary assets and liabilities denominated in foreign currencies at the reporting date are retranslated to the functional currency at the exchange rate at that date.

Foreign currency differences arising on retranslation are recognised in profit or loss.

#### (d) *Use of estimates and judgements*

In preparing these financial statements, management has made judgements, estimates and assumptions that affect the application of the Company's accounting policies and the reported amounts of assets, liabilities, income and expenses. Actual results may differ from these estimates.

Estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to estimates are recognised prospectively.

Information about judgements made in applying policies that have the most significant effect on the amounts recognised in the financial statements is included in the Note 2 (y) Critical Accounting and Estimates and Judgments in applying policies.

The Company has applied the accounting policies as set out below to the financial statements. These policies have been consistently applied to all years presented, unless otherwise stated.

### 2 Summary of significant accounting policies

#### (e) *Plant and equipment*

##### (i) *Recognition*

Items of plant and equipment are measured at cost less accumulated depreciation and accumulated impairment losses.

Cost includes expenditure that is directly attributable to the acquisition of the asset. The cost of self-constructed assets includes the cost of materials and direct labour, any other costs directly attributable to bringing the assets to a working condition for their intended use, the costs of dismantling and removing the items and restoring the site on which they are located, and capitalised borrowing costs. Purchased software that is integral to the functionality of the related equipment is capitalised as part of the equipment.

The cost of replacing a component of an item of plant and equipment is recognised in the carrying amount of the item if it is probable that the future economic benefits embodied within the component will flow to the Company, and its cost can be measured reliably. The carrying amount of the replaced component is derecognised. The costs of the day-to-day servicing plant and equipment are recognised in profit or loss as incurred.

The Company has no dismantlement costs regarding the operation of its fixed assets.

When parts of an item of plant and equipment have different useful lives, they are accounted for as separate items of plant and equipment.

##### (ii) *Depreciation*

Depreciation is based on the cost of an asset less its residual value. Significant components of individual assets are assessed and if a component has a useful life that is different from the remainder of that asset, that component is depreciated separately.

Depreciation is calculated for the following items using the reducing balance basis over the estimated useful lives of each item of plant and equipment at the following rates:

Motor vehicle	- 25%
Computers	- 33.3%
Concession equipment	- 25%
Theatre equipment	- 25%
Furniture and fixtures	- 15%

Depreciation is calculated for the following items using the straight-line balance basis for the remaining life of the lease agreement:

Leasehold improvement	- Life of lease – 20 years (2019: 20 years)
Theatre systems	- Life of the agreement – 15 years (2019: 15 years)

Depreciation methods, useful lives and residual values are reviewed at each reporting date and adjusted if appropriate.

##### (iii) *Disposals*

The gain or loss on disposal of plant and equipment is determined by comparing the proceeds from disposal with the carrying amount of the plant and equipment and is recognised net within other income/other expenses in profit or loss.

## Notes to the Financial Statements (continued)

30 September 2020

(Expressed in Trinidad and Tobago dollars)

---

### 2 Summary of significant accounting policies (continued)

(f) *Inventories*

Inventories are valued at the lower of cost and net realisable value. Cost is determined using the weighted average method, and includes expenditure incurred in acquiring the inventories and bringing them to their existing location and condition. Net realisable value is the estimated selling price in the ordinary course of business.

(g) *Financial instruments*

(i) *Classification*

The Company classifies its financial assets as those to be measured at amortised cost.

The classification depends on the entity's business model for managing the financial assets and the contractual terms of the cash flows.

(ii) *Recognition and derecognition*

Regular way purchases and sales of financial assets are recognised on the trade-date, the date on which the Company commits to purchase or sell the asset. Financial assets are derecognised when the rights to receive cash flows from the financial assets have expired or have been transferred and the Company has transferred substantially all the risks and rewards of ownership.

(iii) *Measurement*

Financial assets with embedded derivatives are considered in their entirety when determining whether their cash flows are solely payment of principal and interest.

*Debt instruments*

Subsequent measurement of debt instruments depends on the Company's business model for managing the asset and the cash flow characteristics of the asset. The following is the measurement category into which the Company classifies its debt instruments:

- **Amortised cost:** Assets that are held for collection of contractual cash flows where those cash flows represent solely payments of principal and interest are measured at amortised cost. Interest income from these financial assets is included in finance income using the effective interest rate method. Any gain or loss arising on derecognition is recognised directly in profit or loss and presented in other gains/(losses) together with foreign exchange gains and losses. Impairment losses are presented as separate line item in the statement of profit or loss.

(h) *Impairment*

The Company assesses on a forward-looking basis the expected credit loss associated with its debt instruments carried at amortised cost. The impairment methodology applied depends on whether there has been a significant increase in credit risk.

For trade receivables, the Company applies the simplified approach permitted by IFRS 9, which requires expected lifetime losses to be recognised from initial recognition of the receivables.

### 2 Summary of significant accounting policies (continued)

(i) *Trade and other receivables*

Trade receivables are amounts due from customers for goods sold or services performed in the ordinary course of business. They are generally due for settlement within 30 days and therefore are all classified as current. Trade receivables are recognised initially at the amount of consideration that is unconditional unless they contain significant financing components, when they are recognised at fair value. The Company holds the trade receivables with the objective to collect the contractual cash flows and therefore measures them subsequently at amortised cost using the effective interest method. Details about the Company's impairment policies and the calculation of the loss allowance are provided in Note 3 (a) (ii).

(j) *Cash and cash equivalents*

For the purposes of the statement of cash flows, cash and cash equivalents are presented net of any bank overdraft. Cash comprise cash on hand and cash in bank. Cash equivalents are short-term, highly liquid investments that are readily convertible to known amounts of cash and that are subject to an insignificant risk of changes in value.

(k) *Impairment of non-financial assets*

The carrying amounts of the Company's assets are reviewed at each reporting date to determine whether there is any indicator of impairment. If such an indicator exists, the asset's recoverable amount is estimated. An impairment loss is recognised whenever the carrying amount of an asset or its cash-generating unit exceeds its recoverable amount. Impairment losses are recognised in profit or loss. The recoverable amount of other assets is the greater of their net selling price and value in use. In assessing value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset. For an asset that does not generate largely independent cash inflows, the recoverable amount is determined for the cash-generating unit to which the asset belongs.

An impairment loss is reversed if there has been a change in the estimates used to determine the recoverable amount. An impairment loss is reversed only to the extent that the asset's carrying amount does not exceed the carrying amount that would have been determined, net of depreciation or amortisation, if no impairment loss had been recognised.

(l) *Borrowings*

Borrowings are recognised initially at fair value less attributable transaction costs incurred. Borrowings are subsequently carried at amortised cost, any difference between the proceeds (net of transaction costs) and the redemption value is recognised in the statement of profit or loss and other comprehensive income over the period of the borrowing using the effective interest rate method.

Borrowing costs that are directly attributable to the acquisition, construction or production of an asset that takes a substantial period of time to get ready for its intended use or sale, is capitalised. Other borrowing costs are recognised as an expense.

(m) *Trade and other payables*

Trade and other payables are recognised initially at fair value and are subsequently measured at amortised cost.

## Notes to the Financial Statements (continued)

30 September 2020

(Expressed in Trinidad and Tobago dollars)

---

### 2 Summary of significant accounting policies (continued)

(n) *Deferred revenue*

Sponsorship income that compensates the Company for expenses incurred is initially recorded as deferred income on the statement of financial position and is recognised as revenue in profit or loss on a systematic basis over the period of the sponsorship in the same periods in which the expenses are incurred.

(o) *Provisions*

Provisions are recognised when the Company has a present legal or constructive obligation as a result of past events, it is more likely than not that an outflow of resources will be required to settle the obligation, and a reliable estimate of the amount of the obligation can be made.

Where there are a number of similar obligations, the likelihood that an outflow will be required in settlement is determined by considering the class of obligations as a whole. A provision is recognised even if the likelihood of an outflow with respect to any one item included in the same class of obligations may be small.

(p) *Leases*

The IASB published IFRS 16 Leases in January 2016 and the standard is effective for annual reporting periods beginning on or after 1 January 2019. The new standard requires lessees such as the Company to recognise leases on the statement of financial position which will reflect the right to use an asset for a period of time and the associated liability for payments.

The Company has adopted the standard for the fiscal year commencing 1 October 2019.

In accordance with the IFRS 16 standard, the Company has separated the lease components from non-lease components for each of the lease contracts. In general, activities that do not transfer a good or service to the lessee are not components in the respective lease contracts.

The variable lease payments for all of the Company's leases are not based on an index or rate. Instead, they are linked to a percentage of the Company's sales, meaning that these payments are derived from the lessee's performance from the underlying asset and therefore not considered to be components of the lease.

The Company's lease agreement for the Gemstone and 4DX theatre spaces at One Woodbrook Place includes common area maintenance (CAM) costs, under which the Company is charged for its proportionate share of CAM within the multi-unit real estate development of One Woodbrook Place. Such CAM costs are inclusive of utilities, security and real estate cleaning, hence the variability does not arise from an index and therefore charges are expensed to profit or loss in the period to which they relate due to both their variability in nature and because they represent a non-lease component that transfers a good or service other than the right of use to the demised premises.

The IFRS 16 standard defines initial direct costs as incremental costs that would not have been incurred if a lease had not been obtained. The Company has included all initial direct costs, such as legal fees and stamp duty fees directly attributable to lease execution, in the initial measurement of the right-of-use asset.

### 2 Summary of significant accounting policies (continued)

#### (p) Leases (continued)

In accordance with the IFRS 16 standard, the Company has considered the lease term for each of its lease contracts to be:

- the non-cancellable period of the lease, together with
- optional renewable periods if the tenant is reasonably certain to extend; and
- periods after an optional termination date if the tenant is reasonably certain not to terminate early.

In considering the determination of its respective lease terms, the Company has considered all relevant facts and circumstances that create an economic incentive to exercise options to renew.

As a practical expediency given variations in dates such as:

- the date on which respective landlords have made underlying assets fully available for use, albeit to initiate a rent-free, significant tenant outfitting period
- the execution dates of leases (which in the case of One Woodbrook Place, were subsequent to the opening date of the respective theatres)
- the Opening Date from when rent payments would commence,

The Company has determined the commencement date of each lease to uniformly be the opening date of each of its respective cinema sites, which is also when payment obligations commence for the lessees.

In accordance with the IFRS 16 standard, the tenant discounts its future lease payments using the interest rate implicit in the leases if this can be readily determined. Otherwise, the tenant uses its incremental borrowing rate. Due to the lack of information that is required to assess the implicit interest rate in its leases such as the fair value of the underlying assets and any initial direct costs incurred by the landlord, CinemaONE has judged that the Company is unable to determine the interest rate implicit in its leases. Therefore, the Company has used its incremental borrowing rate.

The incremental borrowing rates can be defined as the rate of interest that the Company would have to pay to borrow, over a similar term and with a similar security, the funds necessary to obtain an asset of a similar value to the cost of the right-of-use asset in a similar economic environment.

The Company has elected to use the simplified approach in its transition accounting for IFRS 16. Under this approach, the Company has not restated comparative information. As such, the date of initial application is the first day of the annual reporting period in which the Company has first applied the requirements of the new leases standard, which in this case is 1 October 2019. At this date of initial application of the new leases standard, the Company has recognised the cumulative effect of initial application as an adjustment to the opening balance of equity.

#### *Up until 30 September 2019*

Leases in which a significant proportion of the risks and rewards of ownership are retained by the lessor are classified as operating leases. Rentals paid under operating leases are charged to appropriate expense headings in the profit or loss on a straight-line basis over the period of the lease.

### 2 Summary of significant accounting policies (continued)

(q) *Share capital*

*Ordinary shares*

Ordinary shares are classified as equity. Incremental costs directly attributable to the issue of ordinary shares are recognised as a deduction from equity, net of any tax effects.

(r) *Revenue recognition*

Due to the nature of the Company's revenue which is further described below, there were no significant changes to the revenue recognition policy under IFRS 15, and hence no impact in the financial statements.

The following specific recognition criteria must also be met before revenue is recognised:

- *Film revenue*

Revenue is generated from sales of box office tickets purchased at the theatre for the exhibition of movies from film studios. Revenue is recognised on sale of box office tickets.

The performance obligation is satisfied by showing the movie to customers when they obtain control via the purchase of a ticket.

- *Food and beverage revenue*

Revenue is also received from the delivery of food and beverages, including alcoholic beverages for consumption on site. Revenue is recognised on sale of concession items.

- *Sponsorship revenue*

Sponsorship revenue is allocated by business categories including but not exclusive to Title sponsor, Educational Sponsor and Financial sponsor categories. Sponsorship revenue is recognised as the service is rendered over the period of the sponsorship.

The performance obligation is satisfied by fulfilling the contractual obligations to the sponsor.

- *Gift certificates revenue*

Gift certificates are purchased to be used as box office tickets and/or food and beverages. Revenue is recognised on the redemption of the gift certificates.

### 2 Summary of significant accounting policies (continued)

#### (s) *Taxation*

Income tax expense comprises current and deferred tax. Income tax expense is recognised in profit or loss except to the extent that it relates to items recognised directly in equity, in which case it is recognised in equity or in other comprehensive income. Current tax is the expected tax payable or receivable on the taxable income or loss for the period, using tax rates enacted or substantively enacted at the reporting date, and any adjustment to tax payable in respect of previous years.

Deferred tax is recognised in respect of temporary differences between the carrying amounts of assets and liabilities for financial reporting purposes and the amounts used for taxation purposes. Deferred tax is measured at the tax rates that are expected to be applied to the temporary differences when they reverse, based on the laws that have been enacted or substantively enacted at the reporting date.

Deferred tax asset and liabilities are offset if there is a legally enforceable right to offset current tax liabilities and assets, and they relate to income taxes levied by the same authority on the same taxable entity, or on different tax entities, but they intend to settle current tax liabilities and assets on a net basis or their tax assets and liabilities will be realised simultaneously.

A deferred tax asset is recognised for unused tax losses, tax credits and deductible temporary differences, to the extent that it is probable that future taxable profits will be available against which the temporary difference can be utilised. Deferred tax assets are reviewed at each reporting date and are reduced to the extent that it is no longer probable that the related tax benefit will be realised.

#### (t) *Employee benefits*

##### *Short-term obligations*

Liabilities for wages and salaries, including non-monetary benefits, annual leave and accumulating sick leave that are expected to be settled wholly within 12 months after the end of the period in which the employees render the related service are recognised in respect of employees' services up to the end of the reporting period and are measured at the amounts expected to be paid when the liabilities are settled. The liabilities are presented as current employee benefit obligations in the statement of financial position.

#### (u) *Dividend policy*

Provision is made for the amount of any dividend declared, being appropriately authorised and no longer at the discretion of the entity, on or before the end of the reporting period but not distributed at the end of the reporting period.

#### (v) *Earnings per share*

Basic earnings per share is calculated by dividing: the profit attributable to owners of the company by the weighted average number of ordinary shares outstanding during the financial year.

#### (w) *Comparative information*

Where necessary, comparative data has been adjusted to conform with changes in presentation in the current year.

### 2 Summary of significant accounting policies (continued)

#### (x. 1) New, revised and amended standards and interpretations adopted

The Company has adopted IFRS 16 “Leases” from 1 October 2019, which has resulted in changes in the accounting policies and adjustments to the amounts recognised in the financial statements.

In accordance with the transitional provisions of IFRS 16, the Company has adopted the new guidance applying a modified retrospective approach with the cumulative effect of initially applying this standard as an adjustment to the opening balance of retained earnings. Comparative prior year periods were not restated.

The Company has recognised a lease liability measured at the present value of the remaining lease payments, discounted using the Company’s incremental borrowing rate at 1 October 2019. The incremental borrowing rate applied to the lease liabilities on 1 October 2019 ranged from 6.95% to 9.00%.

The Company also elected to recognise a right-of-use asset at an amount equal to the lease liability, adjusted by the amount of prepaid or accrued lease payments relating to the leases recognised on the statement of financial position immediately before the date of initial application.

#### (i) Practical expedients applied

In applying IFRS 16 for the first time, the Company has used the following practical expedient permitted by the standard:

- A single discount rate was applied to the leases with reasonably similar characteristics

#### (ii) Measurement of lease liabilities

	2019 \$
Operating lease commitments as at 30 September 2019 (Note 22)	56,682,707
Discounted using the lessee’s incremental borrowing rate as at the date of initial application	(23,523,823)
Less adjustments relating to changes in the index or rate affecting variable payments	<u>(25,210,024)</u>
Lease liability recognised at 1 October 2019	<u>7,948,860</u>
Current lease liabilities	<u>321,790</u>
Non-current lease liabilities	<u>7,627,070</u>

#### (iii) Measurement of right of use of assets

Right-of-use assets were measured at the amount equal to the lease liability, adjusted by the amount of any prepaid or accrued lease payments relating to that lease recognised in the statement of financial position as at 30 September 2019.

# CinemaONE Limited

## Notes to the Financial Statements (continued)

30 September 2020

(Expressed in Trinidad and Tobago dollars)

---

### 2 Summary of significant accounting policies (continued)

#### (x. 1) *New, revised and amended standards and interpretations adopted (continued)*

##### (iv) *Adjustments recognised in the statement of financial position on 1 October 2019*

The change in accounting policy affected the following line items in the statement of financial position on 1 October 2019:

- Right of use assets – increase by \$6,835,302
- Deferred tax assets – increase by \$111,356
- Lease liabilities – increase by \$7,948,860

The net impact on retained earnings on 1 October 2019 was a decrease of \$1,002,201.

#### (x. 2) *New standards and interpretations not yet adopted*

Certain new accounting standards and interpretations have been published that are not mandatory for 30 September 2020 reporting periods and have not been early adopted by the Company. These standards are not expected to have any material impact on the entity in the current or future reporting periods and on foreseeable future transactions.

#### (y) *Critical accounting estimates and judgements in applying policies*

The development of estimates and the exercise of judgement in applying accounting policies may have a material impact on the Company's reported assets, liabilities, revenues and expenses. The items which may have the most effect on these financial statements are set out below:

##### *Income taxes*

Significant judgement is required in determining the provision for income taxes. There are many transactions and calculations for which the ultimate tax determination is uncertain. The Company recognises liabilities for anticipated tax audit issues based on estimates of whether additional taxes will be due. Where the final tax outcome of these matters is different from the amounts that were initially recorded, such differences will impact the income tax and deferred tax provisions in the period in which such determination is made. Current and deferred income tax balances are disclosed in the statement of financial position. Details of the expense for the year are shown in Note 10.

#### (z) *Prior period errors*

Comparative financial information is restated where the correction of an error requires retroactive restatement in accordance with IAS 8.

Material prior period errors are corrected retrospectively by:

- (i) restating the comparative amounts for the prior period presented in which the error occurred; or
- (ii) restating the balance of the retained earnings for the earliest prior period presented if the error occurred before the earliest prior period presented.

# CinemaONE Limited

## Notes to the Financial Statements (continued)

30 September 2020

(Expressed in Trinidad and Tobago dollars)

---

### 3 Financial risk management

#### a. Financial risk management objectives

The Company's activities expose it to a variety of financial risks: market risk, credit risk, and liquidity risk. Risk management is carried out in line with policies approved by the Board of Directors. The Board provides written principles for overall risk management, as well as written policies covering specific areas, such as market risk, credit risk, and the investment of excess liquidity.

#### (i) Market risk

This comprises foreign exchange risk, cash flow and fair value interest rate risk and price risk.

##### (a) Foreign exchange risk

The Company is exposed to foreign exchange risk arising from various currency exposures, primarily to the US dollar. Foreign exchange risk arises from future commercial transactions and recognised financial assets and financial liabilities. The Company currently holds a USD Loan and a USD Monthly Income Fund with Guardian Group Trust Limited. If the currency had weakened/strengthened by 1% against the US dollar with all other variables held constant, the loss for the year would have been \$1,256,215 (2019: \$Nil).

##### (b) Price risk

The Company's exposure to securities price risk arising from investments is nil.

##### (c) Interest rate risk

The Company had no significant interest-bearing assets, the Company's income and operating cash flows are substantially independent of changes in market interest rates.

Interest rate risk arises from the possibility that changes in interest rates will affect future cash flows or the fair value of financial instruments. Interest rate risk arises on interest-bearing financial instruments recognised in the statement of financial position.

The Company's exposure to changes in market interest rates relates primarily to the long-term debt obligation, with the interest rate being TT Dollar prime minus 1.90% with a floor between 7% and 9%. The exposure to interest rate risk on cash held on deposit is not significant. Non-interest-bearing borrowings were on 2% of borrowings in 2020 (2019: 27%) and the balance of borrowings were secured at fixed rates.

The exposure of the Company's borrowings to interest rate changes are as follows:

	2020	2019
	\$	\$
Less than one year	143,270	4,085,838
Between 1 - 5 years	<u>18,419,212</u>	<u>10,623,967</u>
	<u>18,562,482</u>	<u>14,709,805</u>

The Board of Directors is ultimately responsible for the establishment and oversight of the Company's risk management framework. The main financial risks of the Company relate to the availability of funds to meet business needs, the risk of default by counterparties to financial transactions. The Company monitors the financial risks that arise in relation to underlying business needs and operates within clear policies and stringent parameters. The Company's principal financial liabilities comprise bank loans (Note 11). There have been no changes to the way the Company manages this exposure compared to the prior year.

# CinemaONE Limited

## Notes to the Financial Statements (continued)

30 September 2020

(Expressed in Trinidad and Tobago dollars)

---

### 3 Financial risk management (continued)

#### a. Financial risk management objectives (continued)

##### (ii) Credit risk management

Credit risk arises from deposits into bank as well as credit exposures for receivables related to sponsorship arrangements and special events. The Company has policies in place to ensure that the delivery of sponsorship services and events are made to customers with an appropriate credit history. Credit exposures arise from the delivery of services to customers, including outstanding receivables. Deposits are only made to reputable commercial banks. First Citizens Bank has a Standard and Poors rating of BBB/Stable/A-2 and First Caribbean International Bank has a Standard and Poors rating outlook for deposits.

The due from parent company balance arises mainly from administrative services provided by the Company.

In assessing credit losses associated with receivables, such as sponsorship arrangements and special events, the Company applies the simplified approach permitted by IFRS 9, which requires expected lifetime losses to be recognised from initial recognition of the receivables.

The credit quality of customers, their financial position, past experience and other factors are taken into consideration in assessing credit risk and are regularly monitored through the use of credit terms. Management does not expect any losses from non-performance by counterparties.

There have been no changes to the way the Company manages this exposure compared to the prior year.

##### *Maximum exposure to credit risk*

The accounting policies for financial instruments have been applied to the line items below:

	2020 \$	2019 \$
Other receivables (Note 6)	648,833	812,532
Due from parent company (Note 7)	3,115,792	2,543,041
Cash at bank and on hand (Note 8)	<u>3,104,068</u>	<u>729,722</u>
	<u>6,868,962</u>	<u>4,085,295</u>

Collateral is not held for any balances exposed to credit risk, with the exception of a guarantee held for the due from parent company balance, which can be found in Note 7.

##### *The simplified approach*

The Company applies the IFRS 9 simplified approach to measuring expected credit losses for Trade and other receivables. The simplified approach eliminates the need to calculate 12-month Expected Credit Loss and to assess when a significant increase in credit risk has occurred. Accordingly, a lifetime expected loss allowance is used from day 1. To measure the lifetime loss allowance, the Company first considers whether any individual customer accounts require specific provisions. Loss rates are then assigned to these accounts based on an internal risk rating system considering various qualitative and quantitative factors.

## Notes to the Financial Statements (continued)

30 September 2020

(Expressed in Trinidad and Tobago dollars)

---

### 3 Financial risk management (continued)

#### a. Financial risk management objectives (continued)

##### (ii) Credit risk management (continued)

###### *Incorporation of forward-looking information*

Historical loss rates for trade and other receivables are adjusted to reflect current and forward-looking information on macroeconomic factors affecting the ability of the customers to settle the receivables. The Company uses indicators such as, concentration risk and macroeconomic fundamentals of the country in which it sells its goods and services to be the most relevant factors, and accordingly adjusts the historical loss rates based on expected changes in these factors.

###### *Assets written off*

Financial assets are written off when there is no reasonable expectation of recovery, such as a debtor failing to engage in a repayment plan with the Company. The Company categorises a receivable for write off when a debtor fails to make contractual payments, even after several attempts at enforcement and/or recovery efforts. Where receivables have been written off, the Company continues to engage in enforcement activity to attempt to recover the receivable due. Where recoveries are made, these are recognised in statement of profit or loss and other comprehensive income.

###### *Summary of ECL calculations*

#### a) The simplified approach (trade and other receivables)

A summary of the assumptions underpinning the Company's expected credit loss model under the simplified approach is further analysed below showing:

- Specific provisions using the Company's internal grading system

Trade and other receivables assessed for specific provisions are identified based on certain default triggers (e.g. customers with significant cash flow issues, business model issues and other relevant factors). Once the population for specific provisions is identified, it is segregated from the rest of the portfolio and an ECL is calculated based on an individual rating assignment.

The following is a summary of the ECL on trade and other receivables from specific provisions:

<b>Aging Bucket</b>	<b>Average ECL rate %</b>	<b>Estimated EAD \$</b>	<b>Expected credit loss \$</b>
3-12 months due	--	648,833	--

30 September 2020

(Expressed in Trinidad and Tobago dollars)

### 3 Financial risk management (continued)

#### a. Financial risk management objectives (continued)

##### (iii) Liquidity risk

Prudent liquidity risk management implies maintaining sufficient cash and short-term funds and the availability of funding through an adequate amount of committed credit facilities. Due to the dynamic nature of the underlying business, the Company aims at maintaining flexibility in funding by keeping committed credit lines available.

The Company's liquidity risk management process is measured and monitored by senior management. This process includes monitoring current cash flows on a frequent basis, assessing the expected cash inflows as well as ensuring that the Company has adequate committed lines of credit to meet its obligations. There have been no changes to the way the Company manages this exposure compared to the prior year.

Due to the COVID-19 global pandemic, the Company has experienced a reduced revenue level and as such management have taken appropriate measures to reduce the operating expenses to minimise the financial risk.

The table below analyses the Company's financial liabilities based on the remaining period at the financial position date to the contractual maturity date.

#### Financial liabilities

	Carrying amount	Contractual cash flow	Less than 1 year	Between 1 to 5 years
	\$	\$	\$	\$
<b>At 30 September 2020</b>				
Borrowings	38,725,134	38,725,134	--	18,419,212

### 3 Financial risk management (continued)

#### b. Capital risk management

The Company's objectives when managing capital are to safeguard the Company's ability to continue as a going concern, in order to provide returns for shareholders and benefits for other stakeholders and to maintain an optimal capital structure. In order to maintain or adjust the capital structure the Company may adjust the amount of dividends paid to shareholders, return capital to shareholders or issue new shares. There were no changes compared to the financial year ended 30 September 2019.

There are no particular strategies to determine the optimal capital structure. There are externally imposed capital maintenance requirements to which the Company is subjected, and with which it was in compliance for the year ended 30 September 2020 and 30 September 2019.

The gearing ratios as at 30 September 2020 and 30 September 2019 were as follows:

	2020 \$	2019 \$
Borrowings (Note 11)	38,725,134	14,250,000
Lease liabilities (Note 14)	7,174,892	--
Shareholder loans (Note 12)	842,660	5,975,918
Less: cash on hand and at bank (Note 8)	<u>(3,104,068)</u>	<u>(729,722)</u>
Net debt	43,638,620	19,496,196
Total equity	<u>29,520,221</u>	<u>35,445,281</u>
Total capital	<u>73,158,841</u>	<u>54,941,477</u>
Gearing ratio	<u>60%</u>	<u>35%</u>

The Company's high gearing ratio is mainly due to the adoption of the IFRS 16 and the facility from Guardian Group Trust Limited.

#### c. Fair value estimation

Fair value is the amount for which an asset could be exchanged, or a liability settled, between knowledgeable, willing parties in an arm's length transaction. Market price is used to determine fair value where an active market (such as a recognised stock exchange) exists as it is the best evidence of the fair value of a financial instrument. The standard requires disclosure of fair value measurement by level using the following fair value measurement hierarchy:

- (i) Level 1 - Quoted prices (unadjusted) in active markets for identical assets or liabilities.
- (ii) Level 2 - Inputs other than quoted prices included within level 1 that are observable for the asset or liability, either directly (that is, as prices) or indirectly (that is, derived from prices).
- (iii) Level 3 - Inputs for the asset or liability that are not based on observable market data (that is, unobservable inputs).

Due to the short-term nature of prepayments and other receivables and accruals and other payables, their carrying amounts are considered to be the same as their fair values. Estimates and judgements are continually evaluated and are based on historical experience and other factors, including expectations of future events that are believed to be reasonable under the circumstances. All of the Company's financial assets and liabilities are carried at amortised cost.

Work-in-progress as at 30 September 2020 represents capital expenditure for construction activity associated with construction of a new movie auditorium in Gulf City Mall, San Fernando.

Interest on borrowings in the amount of \$1,931,000 (2019: \$46,587) was capitalised during the year.

Work in progress of \$1,291,009 were classified under prepayments to reflect deposits on items that have not yet been received nor installed.

See Note 11 for the assets pledged as security for borrowings.

# CinemaONE Limited

## Notes to the Financial Statements (continued)

30 September 2020

(Expressed in Trinidad and Tobago dollars)

### 5 Inventories

	2020	2019
	\$	\$
Food and beverage	108,712	113,893
Lamp stock	--	50,000
Miscellaneous	--	15,586
	<u>108,712</u>	<u>179,479</u>

The cost of inventories recognised as an expense and included in cost of sales amounted to \$721,315 (2019: \$2,133,523).

### 6 Prepayments and other receivables

Prepayments	1,680,915	618,584
Value Added Tax recoverable	1,344,004	838,291
Other receivables	<u>648,833</u>	<u>812,532</u>
	<u>3,673,752</u>	<u>2,269,407</u>

As at 30 September 2020, there was an impairment of other receivable balances of \$165,539. (Note 17) (2019: NIL).

Given the nature of operations, goods and services are paid immediately (see Revenue Recognition Accounting Policy Note). Other receivables balances are related to sponsorship agreements that have not been impaired, therefore the expected lifetime credit loss is deemed to be nil.

Details about the Company's classification and the calculation of the loss allowance are provided in Note 2 (j). Due to the short-term nature of the current prepayments and other receivables, their carrying amounts are considered to be the same as their fair value. Information about the impairment of prepayments and other receivables and the Company's exposure to credit risk, market risk and liquidity risk can be found in Note 3.

### 7 Related party transactions

#### (i) Due from parent company

Giant Screen Entertainment Holdings Limited	<u>3,115,792</u>	<u>2,543,041</u>
---	------------------	------------------

This balance relates to transactions paid by the Company for satisfaction of parent company obligations. Such obligations include financing, legal and other professional service fees, foreign travel and general business expenses. The receivable was converted to a loan with effect from 2 January 2020. This loan bears interest at 4% per annum with a one (1) year moratorium from 2 January 2020. The principal repayment is due at maturity on 2 January 2023.

#### (ii) Key management personnel

Key management personnel receive compensation in the form of short-term employee benefits and post-employment benefits.

Key management personnel received compensation of \$1,008,885 (2019: \$965,000) for the year.

Other differences	<u>44,287</u>	<u>--</u>
	<u>(299,437)</u>	<u>182,118</u>

For the year ended 30 September 2020, the Company was not liable to corporation tax as a result of accumulated tax losses of \$12,071,504 (2019: \$6,029,790). The corporation tax expense is therefore based on business and green fund levy.

As a result of the Company being listed on the Small and Medium Enterprise Exchange of the Trinidad and Tobago Stock Market in 2018, in accordance with section 3(2) of the Corporation Tax Act provides for companies so listed to be assessed with a corporation tax rate of 10%. This will apply for the first 5 years of being listed on the stock exchange.

### 11 Borrowings

First Caribbean International Bank (Trinidad and Tobago) Limited (CIBC)	--	14,250,000
Guardian Group Trust Limited-TTD	28,725,134	--
Guardian Group Trust Limited-USD	<u>10,000,000</u>	<u>--</u>
Total borrowings	38,725,134	14,250,000
Less current portion	<u>--</u>	<u>(3,958,333)</u>
Long term portion	<u>38,725,134</u>	<u>10,291,667</u>

The Guardian Group Trust Limited Loan agreement was executed on 31 October 2019 and comprises Tranche A of \$30,000,000 and Tranche B of USD1,500,000. The proceeds were used to refinance facilities at First Caribbean International Bank (Trinidad and Tobago) Limited (CIBC) and to finance construction costs of new theatre development at Gulf City Mall.

Interest: Tranche A: Each series will compound interest annually at their respective interest rate, (the overall weighted interest rate of this facility is fixed at 8.438% per annum, but adjusted to reflect issue costs resulted in and effective interest rate (EIR) of 9%.

Tranche B: Fixed at 7% per annum (2019: 6.95%).

Repayment: Tranche A principal will be paid upon maturity of each series commencing October 31, 2022 and ending on 31 October 2035. Interest will be similarly due from 31 October 2022, after the extended COVID-19 moratorium period ends. Tranche B principal is due at maturity 30 July 2025, and interest is due from 30 July 2021 after the extended COVID-19 moratorium period ends. The security for these loans is noted below.

# CinemaONE Limited

## Notes to the Financial Statements (continued)

30 September 2020

(Expressed in Trinidad and Tobago dollars)

### 11 Borrowings (continued)

- (i) Debenture over the fixed and floating assets of the Company.
- (ii) Assignment of all insurance(s) over the fixed and floating assets of the Company.
- (iii) First demand mortgage over leasehold properties located at One Woodbrook Place and Gulf City Mall.
- (iv) Deed of assignment over IMAX and 4DX trademark licenses.
- (v) Deed of charge over 4,704,646 ordinary shares of CinemaONE Limited held by Giant Screen Entertainment Holdings Limited.
- (vi) Assignment of key man insurance over Brian and/or Ingrid Jahra for a minimum of TT\$6,000,000 each. Guardian Life of the Caribbean to be given first preference to provide.

#### Covenants:

Within the financial period, Guardian Group Trust Limited granted a waiver of the debt service coverage ratio for fiscal years 2020 and 2021 and any other additional covenant in which compliance is likely to be adversely impacted due to the COVID-19 pandemic.

- (i) A minimum debt service coverage ratio of 1.2x must be maintained throughout the entire tenor of the facility.
- (ii) A maximum leverage ratio of 70%. Such ratio to be calculated as the sum of all interest-bearing debt divided by total assets.

Guardian Group Trust Limited also amended the loan agreement to additionally allow the facilities to be used for the Company's operational expenses and working capital in support of the COVID-19 pandemic.

12 Shareholder loans	2020 \$	2019 \$
Due to EFREENET Limited	466,112	5,516,113
Due to Jahra Ventures Limited	<u>376,548</u>	<u>459,805</u>
	842,660	5,975,918
Less current portion	<u>(143,270)</u>	<u>(146,352)</u>
Net long-term debt	<u>699,390</u>	<u>5,829,566</u>

A large portion of the loan due to EFREENET Limited was repaid within the month of December 2019, using the proceeds from the facility from Guardian Group Trust Limited Loan.

Amount due to EFREENET Limited in the amount of \$466,112 is repayable in full at maturity on 31 December 2022. There is no interest on this loan. The amount due to Jahra Ventures Limited in the amount of \$376,548 is repayable in full, inclusive of interest of 4.9%, at maturity in 30 April 2023. These shareholder loans do not carry any security.

Non-current portion		
Interest payable	2,146,265	--
Statutory payable	670,469	--
	<u>2,816,734</u>	<u>--</u>

The non-current portion of the interest payable represents the interest due on the Guardian Group Trust Limited loan which was deferred to October 2022 by Guardian Group Trust Limited as a result of approved deferments to offset the impact of COVID-19.

The non-current portion of the statutory payable relates to contributions due to the National Insurance Board within three to six years (see below for further details).

### 13.1 Restatement of comparative information

Payables related to statutory balances as reported in the previously issued financial statements for the year ended 30 September 2019 were adjusted to correct a prior period error in accordance with IAS 8 – 'Accounting policies, changes in accounting estimates and errors. The adjustment was made to correctly account for contributions due to the National Insurance Board. The line items impacted by the adjustment are shown below:

	As originally stated \$	Restatement \$	As restated \$
<b>Statement of Financial Position as at 30 September 2018</b>			
Accruals and other payables – current	2,267,415	645,632	2,913,047
Retained earnings	2,640,363	(645,632)	1,994,731
<b>Statement of Financial Position as at 30 September 2019</b>			
Accruals and other payables - current	1,699,459	709,635	2,409,094

Gain on foreign exchange	323,239	--
USD Income fund interest income	100,778	--
Interest income	<u>90,752</u>	<u>--</u>
	<u>514,769</u>	<u>--</u>

The gain on foreign exchange refers to USD transactions made during the financial period which resulted in gains once translated into the local currency. The USD interest income is a result of interest received at 1.78% in the USD Monthly Income Fund held at Guardian Group Trust Limited. The interest income is a result of interest earned on the related party loan (Note 7).

## 19 Earnings per share

Basic earnings per share is calculated by dividing the profit or loss attributable to equity holders of the Company by the weighted average number of ordinary shares in issue during the year.

(Loss)/profit attributable to equity holders of the Company	<u>(4,922,861)</u>	<u>871,047</u>
Weighted average number of ordinary shares in issue	<u>6,406,295</u>	<u>6,084,658</u>
Basic (loss)/earnings per share	<u>(77)¢</u>	<u>14¢</u>

## Notes to the Financial Statements (continued)

30 September 2020

*(Expressed in Trinidad and Tobago dollars)*

---

### 22 Contingencies and commitments (continued)

The Company leases various properties expiring within 6 and 20 years. The leases have varying terms and renewal rights. On renewal, the terms of the leases can be renegotiated. From 1 October 2019, the Company has recognised right of use assets for these leases.

- (ii) Not included in the above commitments (as well as Note 14) are contingent rental payments which are based on a percentage of the revenue earned as per the various lease agreements.
- (iii) The Company currently has no material contingencies impacting the financial statements. (2019: \$Nil)
- (iv) Significant capital expenditure contracted for at the end of the reporting period but not recognised as liabilities in relation to the theatre expansion at Gulf City is \$2,220,000. (2019: \$Nil)

### 23 Dividends

There were no dividends declared or paid by the Board of Directors of the Company during the financial year (2019: \$Nil).

### 24 Impact of COVID-19

The outbreak of the COVID-19 pandemic in fiscal 2020 has triggered unprecedented challenges in the international economy and has adversely impacted the global movie exhibition industry. The Prime Minister of Trinidad and Tobago announced the first mandatory shutdown of cinemas and other sectors on 17 March 2020. The initial mandated closure extended for 107 days until 2 July 2020. In response to a second COVID-19 pandemic wave in Trinidad and Tobago, the Prime Minister again announced the closure of cinemas on 17 August 2020. The second mandated closure had a duration of 84 days.

At the onset of the COVID-19 crises in Trinidad and Tobago, the Company swiftly responded to the COVID-19 induced financial challenges. The Company immediately implemented temporary personnel and salary reductions ranging from 40-60% for all levels of staff and negotiated modified timing and/or abatement of contractual payments with landlords, key financial partners and other major suppliers. As such, the Company curtailed its fiscal year operating loss to (\$4.9M) and maintained a positive EBITDA of \$.4M. In an effort to preserve liquidity, the Company also adopted a phased approach to capital expenditures related to ongoing theatre expansion projects in Gulf City Mall. The Company's capex initiatives were decelerated for a four-month period at the peak of the country's COVID-19 lockdown in order to ensure adequate liquidity.

During the fiscal year, the Company has worked closely with Government both in the facilitation of salary and other relief programs for the Company's employees and in the collaborative formulation of public health guidelines for the local movie exhibition industry's re-opening. Such guidelines now include social distancing measures, the use of face masks, increased sanitisation and a 10 p.m. operational limitation. While the social and economic effects of COVID-19 are widespread, and the situation continues to evolve, the Company has played a very active role in the local sector's reopening process and the Company successfully reopened to patrons on 19 November 2020, ten days after the lifting of the COVID-19 Public Health Order suspending cinema operations.

## Notes to the Financial Statements (continued)

**30 September 2020**

*(Expressed in Trinidad and Tobago dollars)*

---

### 24 Impact of COVID-19 (continued)

On the basis of the above, the Company has thus maintained the going concern assumption in the preparation of the Company's 2020 financial statements. This basis of preparation presumes that the Company will realise its assets and discharge its liabilities in the ordinary course of business for the foreseeable future.

#### *Impairment review*

The Government mandated cessation of the Company's theatre operations due to the COVID-19 pandemic has had a deleterious impact on the Company's revenue and profitability during fiscal 2020 as the Company's operations were closed for approximately half of the fiscal year. Moreover, the closure period was during the peak blockbuster season which typically accounts for approximately 60% of the Company's revenue. During the extended closure period the Company's market capitalisation also declined below its net book value. These indicators triggered the Company's impairment testing.

Given the simplicity of the Company's theatre operations and the key impairment indicator of the whole Company's market capitalization decline in comparison to its book value, the Company elected to analyse the aggregate whole company as a singular or whole Cash Generation Unit (CGU) for its impairment testing. To determine the Value in Use of the whole company, the Company performed a detailed Discounted Cash Flow Analysis (DCF). Accordingly, and based on the assumptions contained in the overview and in the financial analysis performed, the Company's DCF Equity Value or Value in Use ranges exceed both the Company's Carrying Value of the Company's assets and the Current Market Value Capitalisation.

On this basis, the Company has not impaired its assets to reflect the Market Value variance as at 30 September 2020.

### 25 Subsequent events

On 2 December 2020, Guardian Group Trust Limited (GGTL) approved the Company's request for COVID-19 support in the form of deferrals on both Tranche A and Tranche B of the Company's GGTL Loan facilities (Note 11).

The Tranche A facility repayment date was deferred from 30 October 2021 to 30 October 2022. The Tranche B facility interest payments were deferred from 30 January 2021 to 30 July 2021.

There were no additional events occurring after the reporting date and before the date of approval of the financial statements by the Board of Directors that require adjustment to or disclosure in these financial statements.
