

CHAIRMAN'S REPORT FOR THE 6 MONTH PERIOD ENDED MARCH 31, 2022

Overview

I'm pleased to report on the continued recovery of the cinema exhibition sector. Bolstered by Warner Brothers' *The Batman*, global box office receipts accelerated to a cumulative calendar year total of US \$6.6B for the period ended March 31, 2022. This international result represented a 56% gain over the same 2021 period, and a narrowing of a comparison to the pre-Covid-19 (C19) average box office receipts for 2017-2019 to -39%.

For the Half Year period ended March 31, 2022, CinemaONE similarly experienced a Half Year Gross Revenue increase of 137% over Financial Year 2021 and a further improvement of the Company's pre-C19 Half Year 2020 comparison to -33%. Management views these results as commendable and a demonstration of vibrant consumer demand for the movie-going experience, especially in light of the safe zone restrictions which limited audiences during the entire Half Year 2022 period to vaccinated patrons only while also imposing a 50% capacity restriction.

As the Company transitions into the traditional Q3 blockbuster season, the Government's full relaxation of safe zone restrictions on April 4th provides a strong basis for renewed optimism. More importantly, the major studios' commitment to both releasing highly anticipated movie franchises and providing theatrical exclusivity periods averaging 45 days are harbingers of an accelerated tapering of gaps to pre-C19 comparisons.

Financial Performance

For the Half Year period ended March 31, 2022, CinemaONE re-opened immediately upon the onset of Government's relaxation of C19 lockdown restrictions from October 11, 2021. As such, the Company's Half Year results represent 5 months and 20 days of operations, the entirety of which was hampered by safe zone restrictions. Fortunately, the Company enjoyed exciting big screen content from each of the major movie studios during the period, highlighted by Sony / Marvel's *Spiderman No Way Home* which catapulted into the Company's all-time top 15 movie list with its strong attendance.

Overall, CinemaONE delivered the following improved results for the Half Year period ended March 31, 2022:

Gross Revenue increased by 137% to TT \$4.0M (FY 2021 TT\$1.7M), and also surpassed by 95% the entire C19 impacted Financial Year 2021 period. Gross Profit increased by 94% to TT \$2.5M (FY 2021 TT \$1.3M) and the Company maintained a marginal Operating Profit of TT \$.1M versus the previous year's Operating Loss (FY 2021 TT -\$1.8M), while generating positive EBITDA of TT \$1.4M a growth of 365% over the previous year period (FY 2021: TT \$.3M). The December 2021 enactment of favorable new tax legislation for publicly listed SME's also significantly minimized Net Loss to TT -\$0.3M (FY 2021 TT -\$1.9M).

Future Outlook

The global and local trends of content recovery and broadening audience participation signal the steady momentum of the cinema exhibition industry's rebound. Strengthened by our uniquely immersive IMAX and 4DX movie theatre formats, CinemaONE is well positioned to excite movie goers who have demonstrated a bent towards premiumization of movie experiences as they seek to escape into the worlds of the upcoming Disney / Marvel's *Doctor Strange* (May 2022), *Top Gun* (May 2022), *Jurassic World* (June 2022) and *Thor: Love and Thunder* (July 2022).
